Research & Tracking | Interviews, data analysis - Dovetail, Amplitude, Hotjar

AI & Automation | Prototyping, agent building, vibe coding - Dust, Claude, Figma Make

Development | Understanding constraints, fixing bugs, opening PRs - HTML, CSS, JS, Vue.js, GitHub

Soft skills | Curiosity, empathy, proactivity

LANGUAGES

French | Native

English | Fluent

Spanish | Intermediate

German | Beginner

WORK EXPERIENCES

Akur8 | Product Designer

Scale-up

InsurTech

SaaS

Aug 2024 - Present | Permanent contract | Paris

Delivered an embedded AI agent MVP in 3 weeks by designing its foundational flows, layout, guardrails, and component system.

Contributed to multi-million-dollar CARR growth by redesigning Akur8's core product to establish a new ecosystem-based business model. Coordinated work across 3 squads working on overlapping topics to maintain alignment and deliver at high speed in under 9 months.

Made a support workflow 40% faster by leading a 2-month research process and taking the resulting solution from design to implementation in the codebase.

KLS | Product Designer

Startup

FinTech

SaaS

Mar 2024 - Jul 2024 | Permanent contract | Paris

Accelerated design system component delivery by optimizing workflows through stakeholder interviews and a component-tracking backlog.

Freelance | Product Designer

Early-stage

SaaS

Sept 2023 - Feb 2024 | Freelance | Remote

Supported early traction and customer insights by defining the product strategy and delivering the first product assets.

Reduced development time by 20% and ensured consistency by evangelizing a clear design vision and providing developers with ready-to-use assets.

Canal+ | Product Designer

Consumer App

Sept 2022 - Aug 2023 | Apprenticeship | Paris

Delivered cross-platform user flows for 10M+ users across web, iOS, Android, and TV.

Enabled advanced, code-based prototyping by leading a 2-hour workshop for 10+ designers on a new Figma feature.
